Dear Local Business Owner and Neighbor,

We are so excited to announce that by popular demand, we have launched our local business **Juice Delivery Subscription Program!** We have always had businesses and offices that have called in and order juices for their staff from us, and they rave about the increase in productivity, positive mood, and general well-being the nutrition-packed delicious delivery brings them all. We love hearing that because we know that there is nothing better than raw organic juice to boost immune systems, energy levels, and personal general health; so we've decided that it's time to ramp it up! Our city-wide Subscription Program is now available to YOUR business.

The sad news is that in early 2016, Grants Pass was declared the least-healthy Oregon city based on state statistics. True Juice opened in September 2016 with a purpose-driven, mission: to use our business as a tool to create positive change in our community by inspiring others to make health a priority, to support local organic farmers, to be sustainably responsible, and to use wisdom and generosity as our benchmark.

We believe that *together* we can raise the health, happiness and productivity levels of your staff. Did you know that our recipes are designed by our Certified Integrative Nutrition Health Coach so that just one of our 12 ounce juices contains the daily nutrient content and requirement of FIVE servings of fruits and veggies? Pretty cool, yes? Making and delivering the juice is our part, yours is to simply sign up and let the juice bombing begin!

If you are interested in having delicious organic raw juice delivered to your staff once a month, once a week or even once a day, check out the program details on the next page. Space will be limited (sign-ups will be ongoing where space is available); so to get started, simply print out the form below, fill in the information requested and mail it in to us. If you have any questions, please give us a call.

Thank you for your excellent work and service in our community, we appreciate you and look forward to seeing you and your staff bearing our trademark carrot-apple-lemon-ginger juice mustache soon 😊 .

In Health & Hope,

Karen Daggett Austin
